- Differentiate your lessons
- Appeal to multiple learning styles
- Effectively manage class time
- Keep instruction interesting
- Easily adjust to different topics
- Engage every level of learner

Station	Instructions	Notes/Results
Unit Review (RESEARCH)	Work with your group to discuss the unit review and research 3 different topics that are still unclear or "muddy."	
Check it out! (OBSERVE)	Find two different videos that simulate a concept you learned about in this unit. Summarize each one in 4-5 sentences.	
Vocabulary Races (TRAIN)	Divide into two teams to see who can match all the vocabulary together correctly.	
Compare and Contrast (ASSEMBLE)	Create a venn-diagram comparing and contrasting two major topics from the unit.	
Demo Time (TEST)	Complete the demonstration by following the directions at the station.	
Clarification Station (EVALUATE)	Discuss the unit with your teacher and clear up any muddy points.
